REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The cited prior fails to teach claimed invention alone or in combination.

Applicant persuasively argues that the cited reference fails to teach the claimed invention particularly a redlineXML document with base element and object element as claimed that confirms to RedlineXML schema. The cited prior art of Lee et al. and Schilit et al. fails to teach an annotation on the base document as claimed. However, newly cited reference, Altman seems to teach applicant's invention. This application is continuation of Patent #6,675,355 filed on 3/16/2000. Since Altman is not an applicable prior art, the claimed invention is allowed over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sanjiv D. Shah whose telephone number is (571) 272-4098. The examiner can normally be reached on M-F 9-5:30.
